Daniil **Likhobaba**

✉ likhobaba.dp@phystech.edu | 📍 Moscow, Russia | 🔗 http://denaxen.ru/contacts.html

Education

Moscow Institute of Physics and Technology
BS in Applied Physics and Mathematics   *2019 – 2023*
GPA: 4.9/5.0 (8.9/10.0)

Personal

Interests
Fintech, ML engineering, Data Analysis, Python and C++ development

Skills

Python: Sklearn, XGBoost, Numpy, Scipy, Pandas
C++:   STL, SFML
At basic level: SQL, Git, Web

Projects

Medical Ultrasound modeling   *C++, Python*

Modeling of ultrasonic wave propagation with an aberrator

https://github.com/denaxen/MedicalUltrasound

Arkanoid game   *C++ SFML*

Project from the 1st year of the Institute

https://github.com/denaxen/arkanoid_game

Platformer game   *C++ SFML*

Course project at the Institute

https://github.com/denaxen/platformer_game

Courses and Certificates

Math and Python for DS,
https://www.coursera.org/account/accomplishments/verify/KPAK6CE7PR9C   *Coursera*

Training on marked-up data,
https://www.coursera.org/account/accomplishments/verify/2BAAUAVYUVAG   *Coursera*

Finding a structure in data,
https://www.coursera.org/account/accomplishments/verify/BXNN3RN2SWRW   *Coursera*

Course "Fintech Trends", https://fintech.tinkoff.ru/activities/fintech_trends/ (No certificate yet)   *Tinkoff*
